“Soirée Louis Pasteur 2017”  
Invitation to Charity Dinner Party (October 24)

---

We are thankful for your kind support and understanding on the activities of the Fondation Pasteur Japon and the Association Pasteur Japon.

We are pleased to inform you that our Charity Dinner Party “Soirée Louis Pasteur 2017” will be jointly held by the Fondation Pasteur Japon and the Association Pasteur Japon as stated below.

After its establishment in June 2016, the Fondation Pasteur Japon took over all the activities of the Association Pasteur Japon such as organizing medical lectures/symposiums and dispatching young Japanese postdoctoral researchers to the Institut Pasteur in Paris. In addition, by promoting human exchanges among Institut Pasteur’s worldwide network of 33 sites and supporting global medical science researches, we aim to contribute to the health and welfare of the people in the world, for which your strong and warm support is and will be indispensable.

If you think our event and activities worthwhile to participate, we would be grateful to receive ¥30,000 (or more) as your contribution and to invite you to the Charity Dinner Party.

It would be highly appreciated if you could fill in the attached Application Form and send it to us by fax (03-6228-5365) or make your entry from the “Event Entry” on our HP.

The application will be closed on Tuesday October 10 but please note that we have a fixed capacity of 250 seats on first-come-first-served basis.
